

Dr. Fazilah Shaik Allaudin
Senior Deputy Director
Planning Division

Dr. Fazilah is presently the Senior Deputy Director of Planning Division, Ministry of Health Malaysia, a role she held since September 2017. Her responsibilities cover planning of Health Policies, Facility and eHealth. Prior to this, she was the Director of Telehealth Division from October 2016.

She has been with the Ministry of Health for over 25 years. A significant portion of her career has been in managing and coordinating new health facility development projects, mainly Hospital Information Systems, eHealth strategic planning, ICT project management and implementation. In her current capacity, she is responsible for eHealth collaborations domestically, regionally and at international levels.

Since 2010, she has been leading digital strategy for the national health system transformation agenda. In this capacity, she led the Malaysia Health System Reform Study 2015-2016 in Health Information Systems and continues to be extensively involved in digital health strategies and implementation.

Dr. Fazilah holds an M.D. from the National University of Malaysia (1991) and an MBA from the University of Toledo, Ohio (1996). She is certified in TOGAF (Foundation), a certification in enterprise architecture and COBIT 5.0 (Implementation), certification in governance and management of enterprise IT.
